

Comfort Duo

Medical practitioners have long recommended The Comfort Duo range - providing two independent zones of varying support for health and well-being. The split seat features dual-density foam with softer rear cushioning to promote correct posture and prevent the user from slouching and sliding forward - a high-end inclusion to a selected range of our best-selling chairs.

COMFORTDUO

Seat Cushion

Recommended by Medical Practitioners – featuring leading comfort and support that is essential for workspace health and well-being.

Providing two zones of varying support -
Soft rear cushion and a firm front seat cushion.

Rear (Soft): Softer foam that allows the sitting bones to sink into the foam, thereby preventing slumping and promoting the correct ergonomic posture.

Front (Firm): Firmer foam which provides additional support for the legs, improving blood and oxygen flow and providing correct leg posture.

Optional Seat Sizes

Comfort Duo seat sizes allow every user to find their right fit.
